

Recommendation for Philipp as a headhunter

It is with great pleasure that I extend my recommendation for Philipp, a seasoned professional in the field of headhunting. I have had the privilege of witnessing Philipp's exceptional skills during his tenure as a Headhunter for SebaKMT.

I first had the opportunity to know Philipp from the perspective of a candidate. His thorough understanding of my professional aspirations and his adeptness in aligning them with the right opportunities were truly remarkable. Subsequently, as a Business Unit Leader at SebaKMT, I engaged Philipp's services as an external recruiter. From this dual perspective, I can attest to the fact that Philipp consistently delivers outstanding results.

His professionalism, in-depth comprehension of SebaKMT's specific needs, and his knack for identifying top-tier talents in the market have undeniably contributed to the success of our business.

What sets Philipp apart is not only his proficiency in identifying the right candidates but also his ability to build strong and lasting professional relationships. His approach is characterized by diligence, integrity, and a genuine commitment to understanding the unique requirements of both candidates and employers.

In conclusion, I wholeheartedly recommend Philipp as a top-tier Headhunter. Having experienced his capabilities from both sides of the recruitment process, I am confident in his ability to bring exceptional value to any organization seeking top talent.

Best regards,

Sascha Kuflik
Business Unit Director
Megger Germany GmbH / SebaKMT
