Recommendation for Skytz Consulting (Managing Director Philipp Hoffschröer)

Philipp Hoffschröer has been working as an external headhunter for Megger Germany GmbH and its predecessor companies since 2016, and I have had the pleasure of experiencing him as a competent and dedicated headhunter since then.

He has an impressive track record, successfully recruiting multiple qualified candidates for key positions in our company. His professionalism, deep understanding of our specific needs, and his ability to identify the best talents in the market have significantly contributed to our company's success.

His commitment, integrity, and reliability make him a valued partner in the recruitment process. Philipp's ability to effectively leverage his extensive network and market knowledge speaks to his professionalism.

Overall, I can confidently say that Philipp is not only a first-rate headhunter but also a valuable resource for any employer seeking excellent recruitment services. His contribution to filling key positions in our company has consistently exceeded our expectations, and I look forward to continuing our successful collaboration.

Best regards,

Friedrich Enkert
VP Global Sales CI
Managing Director Megger Germany GmbH
